MONEY TALKS.

We are not overly supplied with that article, but we have enough to pay spot cash for every article of merchandise that comes into this big store. Monday morning our check will be in New York, and if we are not very much mistaken, you will be here to take advantage of this purchase.

A Woman Drummer.

An interesting guest who arrived at the McClure house Saturday is Mrs. C. E. Dwight, of Chicago. She is a commercial traveler, and sells to the jobbing trade California Fruit chewing gum, manufactured by a Chicago firm. She has been on the road eighteen months, likes it and is quite successful. She sells to all of the Wheeling wholesalers who handle chewing gum.

A Rough Excursion.

From all accounts the Andes excursion Saturday night sustained the boat's recent reputation. There was a large crowd aboard and nearly everybody had something to drink. More went from Bellaire than Wheeling. The boat returned at 1 a. m. or so. Many got off at Bellaire, saying they "had enough of it." Several were bleeding and most of them drunk, and a few were so badly cut as to have to seek surgical assistance.

Mrs. Beck's Funeral.

The late Mrs. Elizabeth Beck was buried yesterday afternoon at the Peninsular Cemetery, after impressive religious services at her late home on Main street. Rev. W. A. Werder, pastor of St. Jacob's church, conducted the services, and the attendance was unusually large. All day Saturday the house of death was crowded by the hundreds of sorrowing friends, who called to take a last look at the kindly face.

A Successful Concert.

Saturday evening Mayer's band gave an open air concert from the balcony on the west front of the Public Building, which was enjoyed by about as large an audience as could find comfortable standing room. Many family carriages and buggies, filled with people, also occupied the street during the rendition of the attractive programme, which was printed in Saturday's INTELLIGENCER. The band makes music worth the hearing by anybody, and the next of this series will be impatiently awaited by the public.

Licensed to Wed.

Marriage licenses were issued on Saturday to James G. Whitton, a native of Wheeling, aged twenty-three, and Laura E. Linton, a native of Wheeling, aged nineteen; also, to Millard McCulley, a native of Wheeling, aged twenty-one, and Eva May Hercules, a native of Wheeling, aged seventeen; also, to Edward M. Dickinson, a native of Springfield, Massachusetts, aged twenty-eight, and Fannie J. Beers, a native of Dallas, West Virginia, aged twenty-two.

The following transfers of real estate were left for record at Clerk Hook's office on Saturday:

Public-Spirited Men Shoulder the Responsibility

FOR THE POMPEIIAN SPECTACLE.

Its Coming to Wheeling is Thereby Assured—An Enthusiastic Meeting of the Chamber of Commerce Saturday Night, at which Final Arrangements are Made—Another Meeting this Evening.

It will be good news to all Wheeling people, as well as to those of the nearby towns and surrounding country, that no obstacle now remains in the way of the production in Wheeling of Pain's famous and gorgeous spectacle, "The Destruction of Pompeii." This end was reached Saturday night at a spirited meeting of prominent business men, at the chamber of commerce. Mr. Skiff, the representative of Pain & Son, was present, and after some informal, but interesting talk, the meeting was called to order and got down to business.

In the absence of President Quarrier, who was out of town, Mr. George House was chosen as temporary chairman. Later Mr. Henry Baer came in, and he being chairman of the committee, Mr. House yielded the chair to him.

It was then stated that seven public-spirited men, recognizing the advantage to the city of such a series of performances and spectacles, had agreed to personally assume the risk of its financial success. To this number, it is understood, others may hereafter be added, but at any rate, all responsibility to the Messrs. Pain is assumed, and the spectacle will come.

These gentlemen ask only that the chamber of commerce endorse the entertainments; that is, that it pass resolutions expressive of the members' views that the spectacle is a good thing. The chamber or its members are not asked to subscribe a cent or guarantee anything, but simply to express approval of the project. For this purpose a meeting will be held this evening, at which, in order that its action may have all the weight possible, there should be a rousing attendance.

The gentlemen who assume the obligation to Pain & Son figure that with about \$4,000 subscribed for boxes, with a good prospect for numerous single admissions and the considerable income from the privileges on the grounds, the possible loss is small, and the risk is therefore much more than balanced by the certainty of doing a good thing for the city and community—giving the people such a series of shows as Wheeling never had, and drawing to the town thousands of people who would not otherwise come.

It is desired to start the preliminary work, advertising etc., as early as possible, so that the first performance may be successfully given on Saturday evening, July 1. After that performances will follow on Tuesday, Thursday and Saturday of each week, the second being on the fourth.

The site of the spectacle, on the north end of the Island, north of the new bridge to Etnaville, will be christened "Island Park." One side will be on the bank of the Back river, so as to avoid danger from fire. Usually it is necessary to fence in a large tract to keep people out of danger.

One of the features of the ground will be the lake, 75 feet wide and 250 long. It is understood that all the railroads will do all they can toward distributing the fine advertising matter along their lines.

THE HUB CLOTHIERS.

THERE IS A BALANCE!

NOT A FEATHERWEIGHT ONE.

A balance that we can make perfectly clear to well-balanced minds, when we are able to show people, as we are day by day, that we can SAVE THEM MONEY we gain their patronage and in time the patronage of their neighbors.

Light Summer Suits

as applied to our stock means much. It means that we can fit you as perfectly as any tailor can fit you in the same quality and save you from

Five to Fifteen Dollars on a Suit.

ONE WORD AS TO THE PRICE.

The matchless bargains (on paper) so liberally advertised, have not in the least affected our more than usually large Spring trade. The people seem to know without telling that a house of the standing of ours would not allow itself to be undersold by any, and the people have rightly judged. Take any suit we offer and compare it fully, honestly, critically with one at the same price sold elsewhere, and ours will always more than equal it. Some matchless values this week between

✦\$10 AND \$18.✦

Of Children's Suits

we have the choice stock of the town. Our cute and nobby styles and the immense variety of them that we show are attracting a constantly increasing business. We still have a few of those Special Bargains in OUTING CLOTH BLOUSES for children at 11c; also a few more CHILDREN'S PANTS at 11c.

Our line of COLORED SHIRTS at 50c surprises everyone who has seen them. Nothing like them in the city for a third more money. Special Low Prices will rule every day this week at
